

Puppy Deposit Contract

Buyer has placed a \$200 deposit down on a M or F puppy from Benton Basset Hounds. The buyer understands that the deposit is nonrefundable, and if the buyer does not select a puppy from this litter, the deposit will be rolled over to the next litter. Should a puppy become ill, or die, after a specific puppy has been chosen, the buyer will then have the option of picking another puppy or getting a refund on the deposit they have paid. The balance of \$_____ must be paid no later, than the week that the puppy is expected to be picked up.
